SCHRODERS UK AND EUROPEAN EQUITY TEAM SIGNS UP WITH INGAGE FOR CORPORATE ACCESS REQUIREMENTS

London 11 May 2015, ingage, the investor relations company, today announced that Schrodgers UK and European Equity team will be using the ingage IR platform to help with their corporate access requirements.

Angus Bogle, Co-Head of Equities Management at Schrodgers said: *“ingage has impressed us with their innovative solution to corporate access. It is increasingly clear that financial institutions need to find a new way to arrange access with corporates and ingage provides that with a transparent, unconflicted and efficient solution. Moving forward, we would like to encourage the companies in which we invest to start offering roadshow meetings to us via ingage.”*

Michael Hufton, Founder & Managing Director of ingage added: *“We are seeing a real change in market behaviour, because of both regulatory change, driven by the FCA and by MiFID II, and because clients understand that harnessing modern technology enables a better and more efficient way of doing things. In both the UK and across Europe there is an urgent need for a new, low cost way for institutions and corporates to interact. We are very pleased to be at the forefront of this revolution, and welcome Schrodgers onto the ingage platform.”*

About ingage:

ingage is a new investor relations company, created by senior investment professionals to develop an intuitive, efficient, transparent and low cost way of bringing investors face to face with senior management of listed companies around the world.

The *ingage* team has developed a state of the art platform for arranging corporate access, which fully complies with FCA regulations regarding the use of client commissions. *ingage* levels the playing field by putting access back in the hands of investors and the companies who want to meet them.
